

Incorez[®] Product Selector

Oxazolidines

Incozol[®]

Innovative, water activated additives that boost the performance of 1K and 2K polyurethane and polyaspartic coatings

MOISTURE SCAVENGERS	LATENT CURING AGENTS	REACTIVE DILUENTS
 <p>Achieve exceptional barrier properties and finish by eliminating moisture</p>	 <p>Improved cure rate and tensile strength due to improved through cure and crosslinking</p>	 <p>Achieve low-VOC formulations with superior film properties</p>

Aldimines

Aldirez[®]

Advanced aldimine technology to produce bubble free PU sealants and fast dry PU primers

LATENT CURING AGENT FOR PU SEALANTS	ACCELERATOR FOR MOISTURE CURE PU PRIMER
 <p>Consistent cure rate even in high humidity environments</p>	 <p>Optimize seal integrity by preventing CO₂ gassing</p>
 <p>Acts as an accelerator to repalce/reduce metal catalysts</p>	 <p>Facilitates application in challenging temperatures, including low temperatures</p>

Waterbased polyurethane dispersions

Dispurez[®]

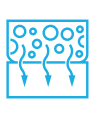

High performance PUDs engineered to offer specific performance benefits for advanced waterbased coatings

TOUGHNESS	FLEXIBILITY	HYDROLYSIS RESISTANCE
 <p>Improved scratch and abrasion resistance</p>	 <p>Improved chemical resistance</p>	 <p>Improved impact resistance</p>
 <p>Increased flexibility</p>	 <p>Water and jet spray resistance</p>	 <p>Improved performance in humid conditions</p>

Waterbased epoxy curing agents

Amirez[®]

Water-based epoxy curing agents that allow formulators to create exceptional water-based epoxy coatings

THIN FILM EPOXY COATINGS	HEAVY DUTY TOPCOATS	LONG LASTING HIGH BUILD COATINGS
 <p>Excellent adhesion</p>	 <p>Improve chemical and stain resistance</p>	 <p>Exceptionally low shrinkage</p>
 <p>Balance cure rate with a superior finish</p>	 <p>Attractive coatings with high gloss or matte finish</p>	 <p>Excellent adhesion to concrete</p>

Incorez® Application Selector

APPLICATION TYPE		PRODUCT
	PU Sealant 1K/2K	Aldirez® BH
	PU Waterproofing/Roofing 1K/2K (Acrylic and Bitumen)	Incozol® 4 Incorez® EH
	Waterbased Roofing (Enhance the performance of water based Acrylic roofing)	Dispurez® 103 Dispurez® 104
	PU Hotmelt Adhesive 1K	Incozol® 4 Incozol® EH
	Solvent-free/solvent based 2K PU and polyaspartic coatings for Automotive/Marine/Construction/Protective applications	Incozol® LV Incozol® 2
	Solvent-Free/Solvent Based Polyurethane primer for Construction/Flooring	Aldirez® A
	Waterbased floor coatings - Epoxy and polyurethane dispersions	Amirez® 148-055 Dispurez® 101A
	Rigid Plastic Coating	Dispurez® 101 Dispurez® 101A
	Flexible Plastic Films (hot stamp foil, CS8057)	Dispurez® 103 Incorez® CS8057
	Waterbased Inks and Textile Coatings	Dispurez® 104
	High build coatings (self levelling, screeds etc)	Amirez® 148-270

NOTES:
